CLIENT PORTAL

As part of our standard service offerings, you will have access to our proprietary online platform, accessible only to in-house personnel, customers and national service providers. This tool provides real-time access to product / work requests, tailored reporting formats, and allows us to expand our service offering to virtually any location.

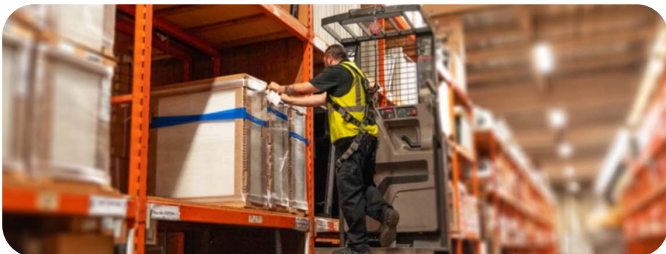

MOVE, ADD, CHANGE

We're prepared to meet any of your corporate furniture needs. If you're relocating or reconfiguring, we provide quick and effective furniture solutions. From small ergonomic requests to entire office moves and installations, we ensure you're maximizing your occupancy levels.

DEALER SERVICES

As part of our services, we support other dealerships nationwide by facilitating projects and ensuring consistent service levels across diverse regions. We also provide local resources to maintain service quality for geographically dispersed projects. This helps us ensure that our partners receive the support they need, wherever they are located.

WAREHOUSING & INVENTORY

With our primary hub in Los Angeles and secondary facilities in major U.S. markets, we provide national storage and distribution of your company-owned furnishings. For your in-office and offsite needs, our web-based platform allows you to schedule service, verify job status, browse your inventory, and reserve product at any time from any location, giving you the ability to efficiently track space, personnel, equipment, and furnishings throughout your workspace.

DECOMMISSIONING

Unisource Solutions offers comprehensive workplace strategies to companies, including office space decommissioning and net-zero partnerships. We strive to repurpose, refurbish, and repair these assets as needed, regardless of their location. When our clients wish to reconfigure or set up a new office, we access their inventory and redeploy it as required, minimizing waste and maximizing efficiency.

Headquartered in Los Angeles and backed by satellite offices across California, Unisource Solutions combines regional insight with a robust nationwide partner network. This powerful infrastructure enables our clients to execute projects “any place, any time”—whether that’s a single-site move or a coordinated, multi-state rollout. Your evolving needs demand consistency; Unisource delivers exactly that, serving as your unwavering partner anywhere. **Below are a few of the major projects we’ve recently completed for our clients.**

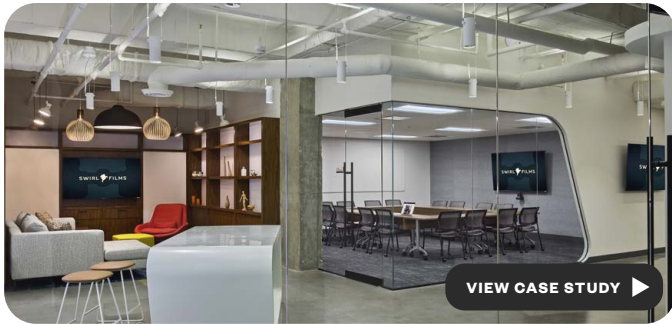

[VIEW CASE STUDY](#)

National Law Firm

Dallas, TX and Nationwide

Unisource Solutions leveraged its national service capabilities to deliver a consistent, scalable workplace solution for a prominent labor and employment law firm. Partnering with Gensler, we implemented standardized office designs customized for each location and managed all aspects of deployment through a dedicated team. Our nationwide network of installers and rapid-response ergonomic program ensured efficient delivery and installation across multiple cities, with fulfillment in under two weeks. The program continues to support offices across the U.S. since its launch in 2016.

[VIEW CASE STUDY](#)

Swirl Films

Atlanta, Georgia

Unisource Solutions transformed Swirl Films’ 100,000 sq ft Atlanta studio into a next-gen hybrid office. Leading the project from 2021, our Los Angeles account team coordinated with Atlanta’s Hendrick and Install-Net partners to seamlessly manage design, budget, and execution. Our in-house design team developed adaptable renderings and installation plans, with real-time logistics tracked via our project management portal. Despite being headquartered in California, we ensured local accountability alongside our national support—making the complex rollout smooth, cohesive, and culture-aligned for Swirl.

Healthcare Insurance Company

Southwest, United States

Unisource Solutions tapped its national service network to revitalize a former Macy’s into a thriving Southwest-region hub for a major healthcare insurance firm. Transforming 375,000 sq ft of retail space into a multi-floor office, we outfitted ~850 workstations, conference rooms, training areas and common spaces. Our dedicated team managed custom furnishings, sustainable materials, ergonomic amenities, lighting, and acoustics. Nationwide logistics, ergonomic delivery, and certified installers ensured seamless, consistent rollout—demonstrating our coast-to-coast operational excellence.
